# Cómo utilizar este directorio

Este documento organiza la red de proveedores por pueblo y, dentro de cada pueblo, por especialidad o tipo de servicio. Para una búsqueda más rápida, localice primero el pueblo de preferencia y luego revise las especialidades disponibles.

|   |                                                                                                              |
|---|--------------------------------------------------------------------------------------------------------------|
| 1 | Busque el pueblo donde desea recibir servicio.                                                               |
| 2 | Dentro del pueblo, localice la especialidad médica o servicio que necesita.                                  |
| 3 | Revise el nombre del proveedor, teléfono, teléfono adicional y horario disponible.                           |
| 4 | Antes de visitar, llame para confirmar dirección, disponibilidad, horario y participación vigente en la red. |

## Nota importante

La información incluida proviene del archivo de proveedores suministrado. La disponibilidad de proveedores, horarios y servicios puede estar sujeta a cambios. Los proveedores son responsables de actualizar su información mediante notificación a PROSSAM. Se recomienda llamar al proveedor antes de coordinar una visita.
